Worship with us in person or live streaming on Facebook every Sunday at 10AM!

Dear friends,

We will be having Family Sunday worship this Sunday at 10 AM, followed by a potluck. This month's Family Sunday theme is "Experiencing God in Nature and Everyday Life". All are welcome to join us for a meet-up at Rotary Gardens in Janesville following the potluck. (Families/individuals must purchase their own tickets – children under 6 receive free admission).

Next Sunday is a special music Sunday! We hope to have a small group choir sing some songs and hymns together as well as having soloists, duets, and those who play instruments. **We are planning to practice on Wednesday night, June 12th, from 6:30 – 8:00 p.m. and on Sunday morning, June 16th, at 9:00 a.m. before worship.** If you are interested in participating but can't rehearse on June 12th, please let Pastor Tiff know.

Summer Book Series "*The Listening Path*" continues next Tuesday in the fellowship hall. Participants can study at home or drop in to any session; please contact Jill Sanderson for more details. For those in this week's study, details for the "Braiding Sweetgrass" discussion are listed below.

As a reminder, prayers may be requested prior to worship with a prayer request card given to Reverend Tiff or emailed to the office the day before

worship. This week, Hillary Reilly requested prayers for her father who was in a farm accident and will have surgery this week; as well as her mother who will be his caregiver during his recovery. Please keep the Reilly family and Hillary's parents in your prayers!

BRAIDING SWEETGRASS

INDIGENOUS WISDOM, SCIENTIFIC KNOWLEDGE,
AND THE TEACHINGS OF PLANTS

ROBIN WALL KIMMERER

Celebrate the summer solstice by joining Friends of Silverwood Park and United Women in Faith in reading Robin Wall Kimmerer's Braiding Sweetgrass.

In Braiding Sweetgrass, Kimmerer brings these two lenses of knowledge together to take us on "a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise" (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices.

The discussion will occur on Thursday, June 20th. We will meet on the porch of the Stone House, 771 Silver Lane, Edgerton, WI at 7:00 pm. Enjoy the discussion then stay later (optional) to watch the sunset over the prairie at Silverwood Park. Refreshments provided.
